### TESTIMONIAL:

Grindon Broadway Junior School recently spent 3 days with their Year 3 children exploring and making use of the woodlands—their experience was summed up with this testimonial -

*"The woodland is truly magical and provides endless scope for activities linked to English, Maths and Science and opportunities for the children to engage in a range of team building exercises and skills development.*

*The possibilities are endless—all you need are willing staff and a sense of imagination. The days fly by and the children return 'green with envy' and eager to return. All in all, the Woodland area is a brilliant resource and it is wonderful that Hylton Castle Primary School are prepared to share it with children across the city."*
