Year 6

Year 6 have been enjoying their science unit all about electricity and circuits! We've explored what circuits need to work and the effect that cells have on other components.

Year 3

Year 3 have been learning all about light this week in our science lessons. We have been testing materials to see which one was the most reflective. We carried out an investigation in our small groups and had great fun in the dark!

Year 2

This week in English, year 2 have been learning about instructions. To hook us in we followed a recipe to make our own sandwiches. Miss Raisbeck and Miss Hill were really impressed with the skills the children showed.
