

Year 4

Wellbeing day - 'Keep Learning'.

As part of the wellbeing day, 'Keep Learning', we were representing our hero, 'Ambitious Warrior'. We all came to school wearing something green.

We completed a lot of activities, including a discussion about job roles and what our dream jobs are when we are older. Some of us wanted to be archaeologists, vets, train drivers and lots more.

We worked in groups and performed different job roles. The rest of the class had to guess our role.

We looked at goal setting during mindfulness colouring, through an 'I can' flower. The petals had different goals on them. The things we could do, we coloured green, the things we could not do, we coloured red and the things we were working on, we coloured orange. Everyone's flower was different.

Our dentists

Our paramedics
